

AMOPPORTUNITIES

CHOOSING AMO FOR YOUR FAMILY MEMBER

We offer both quantity and quality.

Your family member's future success is dependent on their present education. For medical students and graduates alike, education is more than a lecture or textbook, it's a real-world experience that results in professional connections, letters of recommendation, and indirectly, residencies. AMOpportunities works to provide personalized rotation experiences that can help fulfill residency or educational requirements.

WHY IS AMO THE RIGHT CHOICE FOR YOUR FAMILY MEMBER'S U.S. MEDICAL ROTATION?

We Curate Real-World Experiences

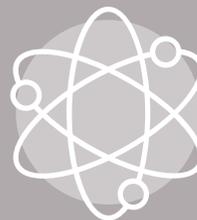

- AMOpportunities offers both hands-on rotations and observerships, providing your family member with exposure to a variety of treatment options, different patient populations and the opportunity to view and possibly participate in taking medical histories, physical examinations, and differential diagnosis in a hospital or institutional setting.
- Medical students and graduates who participate will have the opportunity to create connections with their supervising physician and other hospital personnel.
- Our rotation options will expose your family member to a new culture and the inner workings of the U.S. healthcare system.

We Provide a Support System

- From the application process to completing a rotation, AMOpportunities is there for your family member throughout every stage of their rotation.
- Once your family member reserves their rotation, they are matched with a Visitor Experience Coach who will ensure they are ready and well-oriented for their time in the United States.
- AMOpportunities can provide suggestions for accommodations, transportation, health insurance, and much more.
- The physicians we partner with can serve as mentors to your family member and are more than happy to help them reach their rotation goals.
- The team at AMOpportunities is available Monday–Friday, from 9 a.m.–5 p.m. CST to answer any questions or concerns you or your family member have. You can reach us by phone at +1.312.821.9020 or through email at advisors@amopportunities.org.

AMOpportunities has partnerships with 250+ hospitals and academic institutions to guarantee that your family member receives a quality rotation.

No matter their medical interest, AMOpportunities has a rotation for all medical trainees including students and graduates, nurses, and dentists. We offer hundreds of unique rotations across 70+ specialties and subspecialties.

We are experienced. We have placed over 3,000 international medical students in rotations across the U.S.
