

14 Great Reviews of AMO OPPORTUNITIES by Visitors from the Middle East

CARDIOLOGY AT LONG ISLAND CARDIOVASCULAR CONSULTANTS, PC

New Hyde Park, New York

The easiest way to get into U.S. medical electives. AMO helped me to get a great placement.

CARDIOLOGY AT LONG ISLAND CARDIOVASCULAR CONSULTANTS, PC

New Hyde Park, New York

The physician, students, and whole clinic were very helpful and friendly. This program taught me so much. It taught me how to be more confident with the patient, how to choose medications, and how to study images and blood work. It made me independent and gave me insight on what it is like to be a physician in the U.S.

ORTHOPEDIC SURGERY AT SPORTS SURGEON

Fresh Meadows, New York

I had a great time during my month-long rotation in New York City. Not only were the experiences and knowledge I gained during the rotation great, I also learned valuable life skills while living on my own. Booking was straightforward and easy since AMO contacted me regularly via email.

NEUROLOGY AT NEUROLOGY SERVICES INC.

Washington, D.C.

It was a perfect experience; I learned a lot from it. During my rotation I had the chance to take medical histories, perform physical exams, and learn about different neurological disorders and procedures. I would like to thank AMO's coaches, Ashley and Jordan, for being so patient and understanding. I'm thankful for the amazing journey I had in U.S.

INTERNAL MEDICINE AT PRIMARY CARE CLINIC

Richardson, Texas

I am happy I chose AMO. The attending physician was nice. It's wasn't as scary as I expected. I was nervous on the first day and thought I'd be expected to know most medical terms and procedures. This wasn't the case; the environment wasn't stressful at all. In fact, I enjoyed the experience a lot!

INTERNAL MEDICINE AT LOCICERO MEDICAL GROUP

Tampa, Florida

The program provided me with a good opportunity to experience the private practice setting as well as opportunities to complete rounds in various hospitals with my supervising physician. Visitors could also rotate with other specialists at the clinic, depending on what our other medical interests were.

- Karan, *Kuwait*

PULMONOLOGY AT KATEB MEDICAL ASSOCIATES

Delray Beach, Florida

I enjoyed my rotation tremendously and learned a lot from my supervising physician. He was an amazing physician and a teacher. I'll do another observership with AMO again in the future.

- Mohammad, *Kuwait*

NEUROLOGY AT JFK NEW JERSEY NEUROSCIENCE INSTITUTE

Edison, New Jersey

I learned a lot in my rotation and spent much of my time with the residents and some of the most renowned neurologists of the East Coast. They were all very kind and amazing. I learned more in one month than I have in all my rotations so far.
