

AMO ADVISORS

What sorts of things can AMO Advisors help me with?

We understand how important a U.S. clinical experience is to your medical education. Working with our AMO Advisors can help simplify your booking experience.

WHO ARE THE AMO ADVISORS?

AMO Advisors are the individuals who help medical students and graduates find, apply to, and reserve their AMO clinical rotation. Your advisor can answer any questions about AMO, our services, and any of our experiences. Your advisor can give you the best recommendation for the experience that you want.

WHY DO I NEED AN AMO ADVISOR?

Your advisor is here for you. We understand how difficult it can be to select a clinical rotation. Our goal is to help you find the best experience for your educational needs. Your advisor will be by your side the entire way, from the moment that you sign up until the time that you reserve. After reserving, each visitor is assigned an AMO Visitor Experience Coach who provides concierge support. Ask your advisor about our coaches today!

HOW DO I CONTACT AMO ADVISORS?

Individuals with general inquiries, those considering applying, or those who have applied and are ready to accept or pay may send any questions or concerns by email to advisors@amopportunities.org.

Answering general questions about AMO and our rotations

Finding a suitable rotation

Determining eligibility for a rotation

Starting or submitting an application

Reserving a rotation

Adjusting a rotation
