

USMLE Prep and a Clinical Experience

Prepare for your next USMLE exam while completing a clinical experience.

About the Program

In partnership with Kaplan, AM Opportunities is now offering two new packages that combine Kaplan's USMLE prep and an AMO clinical rotation. F1 visa is available.

You can choose between two programs:

1. A 12-month, Step 1 study program and four-week clinical rotation
2. A nine-month, Step 2 CK study program and four-week clinical rotation

A Program for Every Learner

These programs are designed to meet you where you are in your medical education and move you closer to your residency goals.

You can expect a minimum of 22 hours each week dedicated to study. Plus, there will be the opportunity to attend workshop advising sessions throughout the Kaplan portion of the program. At the end of the program, you will receive a voucher for a four-week clinical experience to use with AM Opportunities.

The programs and cost:

1. USMLE Step 1 Prep & One Rotation - \$12,799
2. USMLE Prep Step 2 CK & One Rotation - \$10,299

Admission

To apply to the program, email our Advisors at advisors@amopportunities.org.

Applications are reviewed on a rolling admission.

AMO Advisors are more than happy to assist you with completing the application.
