

# U.S. Psychiatry Clinical Experiences

*Available exclusively through AMO opportunities*

Expand your school's clinical programming with Devereux Behavioral Health's psychiatry practicums.

## Designed for Your School

Devereux's standard four-week clinicals can be adjusted to meet your school's curriculum requirements, so your students receive the credit they need to graduate.

Year-round availability also ensures these programs fit with your school's academic calendar or your students' professional timelines.

## Why AMO?

With clinicals through Devereux Behavior Health, your school benefits from AMO's services and software.

- Enhanced student tracking software
- One-on-one student support
- Programs designed for cohorts
- Administrative support for coordinators

## Inpatient Adolescent Psychiatry

Rotations at Devereux's Melbourne, Florida site offers students the rare chance at inpatient adolescent psychiatry clinical.

Their 136 bed psychiatric residential program works with patients 7-18 years old. Students will learn from four adolescent psychiatrists.
