

# Are You Considering Studying Medicine in College?

Do you want to narrow down the medical field you want to study? That's perfect! You're already qualified for this experience. No special documents or requirements are needed.

The only prerequisite is completion of the AcceptU Research Program in advance of the program.

## EXPERIENCE NEW JERSEY'S

### LARGEST HEALTHCARE NETWORK

In a virtual setting, you'll work with two physicians at Hackensack Meridian Health, New Jersey's largest integrated healthcare network.

The physicians are experienced in medical research and internal medicine, giving you two fields to explore throughout the program.

## WHAT TO EXPECT

Your program will last for four weeks, with options to attend in either July or August 2023.

## WEEKLY SCHEDULE

### WEEK 1

An overview of the timeline to become a physician

Finding a realistic work/life balance and the significance of college grades and the MCAT

An Introduction to Biological Sciences

The Life of a Dermatologist

**HOMEWORK:** A short presentation on why you want to become a physician

## WEEK 2

An Introduction to Clinical Medicine: Part One  
Preventative Care Screening Guidelines  
The Life of a Surgeon

**HOMEWORK:** A short presentation on the medical field you want to study

## WEEK 3

An Introduction to Clinical Medicine: Part Two
